Korean Association for Radiation Protection (KARP) and Japan Health Physics Society (JHPS) hold Fukushima special symposium jointly. In the pure SCIENTIFIC View, the lessons learned and radiological environmental impact for last 10 years after Fukushima Nuclear Power Plant Accident are presented and discussed. This symposium is also opened for the media and the publics.

Time	Titles & Presenters	
14:00~14:05	[Welcome message] Dr. Kyo-Youn Kim (KARP President)	
	[Co-chairs] Dr. Makoto Hashimoto (JAEA), Prof. Hee Reyoung Kim (UNIST)	
14:05~17:00	1. Response to Radiological Disaster: Lessons Learned	- Prof. Jaiki Lee (KARP iRSC Director)
	2. Large-scale Environmental Radiation Monitoring after the Fukushima Daiichi Nuclear Power Plant Accident	- Dr. Satoshi Mikami (JAEA)
	3. Thyroid Dose Assessment after the Fukushima Daiichi Nuclear Power Plant Accident	- Dr. Masahiro Hosoda (Hirosaki Univ.)
	4. Environmental Radioactivity Levels and Estimated Radiation Exposure Dose Rates among Residents before and after Returning Home to Areas near Fukushima Daiichi Nuclear Power Station	- Prof. Yasuyuki Taira (Nagasaki Univ.)
	5. Radiophobia: Radiation and Reason	- Prof. Keon Wook Kang (Seoul Nat. Univ. Hospital, ICRP)
	[Co-chairs] Dr. Hee-Seock Lee (KARP Vice President), Prof. Takeshi Imoto (JHPS Vice President)	
17:00~18:30	[Panel Discussion] Lessons Learned of Fukushima Accident and Future Collaboration with KARP and JHPS (How to Share Information in Emergency Situation)	From KARP: Prof. Eun Ok Han (KANS) Prof. Jaiki Lee, Prof. Keon Wook Kang From JHPS: Prof. Michiaki Kai (Oita Univ., NHS) Prof. Hiroko Yoshida (Tohoku Univ., IRPA) Dr. Masahiro Hosoda
	1) Prof. Eun Ok Han's talk 2) Dr. Masahiro Hosoda's talk	
18:30~18:35	[Closing message] Prof. Michiaki Kai (JHPS President)
