Kataoka, Introduction of Young Research Association in JHPS
- Bryant, IRPAや英国放射線防護学会における若手ネットワークの紹介  
Bryant, Introduction of IRPA-YGN and SRP-RGG
- 質疑応答(5分)
- 荻野, ICRPでの経験  
Ogino, Introduction of experience in ICRP
- 谷, UNSCEARでの経験  
Tani, Introduction of experience in UNSCEAR
- 河野, IAEAでの経験  
Kono, Introduction of experience in IAEA

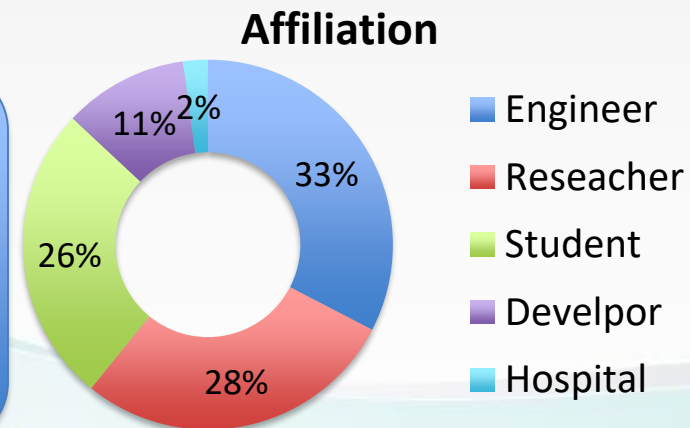

# Introduction of Young Research Association in JHPS

## Our main purpose of activities

- 1) To exchange information and discuss latest knowledge
- 2) To engage in educational activities for the public
- 3) To cultivate domestic and international relationship with young people of other scientific bodies.

Member 46  
( Man 38 )  
( Woman 8 )

Age limit  
40

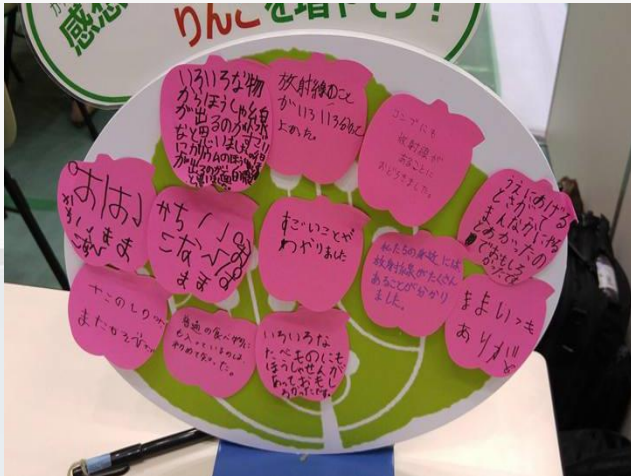

# 1) To exchange information and discuss latest knowledge

- We have held on **several study sessions every year** and **facilities tours**, such as Heavy Ion Medical Accelerator in Chiba (**HIMAC**) and Fukushima Daiichi Nuclear Power Plant (**FDNPP**).

## 2) To engage in educational activities for the public

- Chiba city science festa!! (2010~2018)**
- Measurement of radiation in environment
  - Radioactive pollution investigation
  - Radiation track using a cloud chamber

終わりに

**Thank You for your kind attention!**
